Answer: C

Free Banking Study Material (15,000 Solved Questions)

English

Instructions

Read the following passage carefully and answer the question given below it, certain words are printed in the bold to help you to locate them while answering some of the questions.

Once upon a time there lived a queen in the city of Benaras. Her name was Khema and she was the wife of king Bahuputtaka . One night, the Queen had a dream of a beautiful golden goose that spoke with great wisdom, almost as if he was a sage. She told her husband that she desperately wanted to see a bird just like the one in her dream. So the king asked his minister to find out all that they could about a bird such as this. He was told that such a bird did exist but was extremely rare and difficult to find. They advised him to build a beautiful lake on the outskirts of Benaras so that he may attract such rare and lovely creatures to reside there. In this way the queen might have her wish.

Towards the north, on Mount Cittakuta, there lived about ninety thousand wild geese headed by a beautiful golden goose called king Dhatarattha. He got to hear of this **exquisite** lake surrounded by water lilies and lotuses floating on the surface. The king had invited all the birds to come and live on it, promising that none of them would ever be harmed. Corn was scattered on a daily basis in order to attract the birds. So a couple of geese went up to their king, the golden goose and told him that they were quite tired of living up on the mountains and would like to see this wonderful lake where they had been promised food and protection. The king agreed to their request and took the flock down south towards Benaras. Meanwhile, at the lake king Bahuputtaka had placed hunters all around in order to capture any golden goose that happened to pass by. So the next morning when the headhunters saw this flock of geese approaching he was very excited to see their golden leader. He immediately went about setting up **snare** amongst the water lilies and lotuses, as he knew that the leader would definitely be the first to alight .

The whole flock came flying down in one mighty swoop and as expected it was the king's foot that touched the water first. He was ensnared and could not escape, seeing this the other geese flew into a panic. But none had the courage to try to free their king and so flew back to Mount Cittacuta for safety. All except one. He was the chief captain, Sumukha replied that he would never **desert** his master in the face of danger and would either try to save him or die by his side.

At this point the hunter approached and as Sumukha saw him he decided to appeal to his compassion. The hunter asked the golden goose how come he had not noticed the trap that was set. The golden goose replied that when one's time was up it was no use to struggle against what was fated and one must just accept it. The huntsman was very impressed with his grace and wisdom. He then turned to Sumukha and asked why he had not fled with other birds even though he was free to do. Sumukha answered that the golden goose was his king best friend and master and that he could never desert him even at the cost of his own life. Hearing this, the hunter realised that these were a couple of rare birds of great nobility. He did not much care for his own king's reward and decided to do the right thing and set them free. He told Sumukha that as he was ready to die for his king he would set them both free to fly wherever they wish.

Question 41

Why were the geese keen on visiting the lake in Benaras ?

- A They were invited personally by king Bahuputtaka
- B They were tired of their old lake
- C They were amused by the water lilies and lotuses
- D The lake was not very far from the mountains
- E To lake was to be source of good food and protection

Answer: E

Explanation:

The geese were keen because lake offered food and protection.

Download Highly Rated Banking APP

Question 42

Why did the king approach the ministers ?

- A In order to find out the best location for the lake
- B In order to find out if a golden goose existed
- C To enquire about his wife's dreams
- D To devise a plan to capture all rare bird species

E To enquire about the best hunter in the locality

Answer: B

Explanation:

The king wanted to find about the golden goose his wife had dreamt of.

Question 43

What advice did the minister give to the king ?

A That no such golden goose existed and he was only wasting his time searching for one

B To create an artificial golden goose for the queen

C To build a lake in order to attract the golden goose

D To open a sanctuary of rare birds for the queen

E To have a beautiful garden surrounded by flowers and trees

Answer: C

Explanation:

In the last line of the first paragraph, we can see that the ministers advised the king to build a lake.

Question 44

Which of the following statements would best describe the qualities of sumukha ?

1. Betrayer of flocks

2. The selfless Goose

3. Loyal towards the king

4. The naive and ignorant goose

A Only (1)

B Only (2)

C Only (3) and (4)

D Only (1) and (4)

E Only (2) and (3)

Answer: E

Explanation:

The Sumukha was selfless because he didn't even care of his own life. He was also loyal because even if others flew away, he didn't.

Question 45

What was the king's intention behind building a lake ?

A To attract all rare species of living animals and birds

B To beautify the city of Benaras

C He did not want to go against the wishes of his wife

D He wanted to capture the golden goose

E He enjoyed bird watching and wanted to create a natural habitat for them

Answer: D

Explanation:

The king wanted to capture the golden goose queen had dreamt of. He was building the lake on advice of his ministers to do that.

Question 46

Why did the head hunters release the king the golden goose ?

- A He was impressed by his wisdom and nobility
- B The geese were a rare species of birds
- C The golden goose , king Dhatarattha promised him a handsome reward
- D The hunter sympathised with the golden goose
- E The hunter did not want the chief captain to lose a friend

Answer: A

Explanation:

He was impressed by his wisdom and nobility in the golden goose's reply about fate on being questioned by hunter.

Question 47

Why did the flock of geese panic and retreat to Mount Cittacuta ?

- A Their king took the wrong route to the lake and they lost their way
- B Their king, the golden goose was captured
- C Their chief captain, sumukha betrayed the king
- D They spotted many hunters by the lake
- E None of these

Answer: B

Explanation:

The king was ensnared and this created panic among the geese.

Free Banking Study Material (15000 Solved Questions)

Question 48

Choose the word which is most nearly the same in meaning as the word printed in bold as used in the passage: Desert

- A Displease
- B Encourage
- C Instigate
- D Escort
- E Abandon

Answer: E

Explanation:

In the context of given passage, desertion refers to abandonment.

Hence, the correct answer is 'abandon' and correct option is option E.

Question 49

Choose the word which is most nearly the same in meaning as the word printed in bold as used in the passage: **Exquisite**

- A Expensive
- B Delicate
- C Elaborate
- D Wonderful
- E Efficient

Answer: D

Explanation:

In this context exquisite is supposed to mean wonderful as the lake is described to be exquisite.

Question 50

Choose the word which is most nearly the same in meaning as the word printed in bold as used in the passage: **Snare**

- A Trap
- B Alarm
- C Plan
- D Arrangement
- E Protection

Answer: A

Explanation:

The snares were put up by hunters to entrap the goose. Here, snare means a trap.

Instructions

In each of the following sentences, an idiomatic expression or a proverb is highlighted. Select the alternative which best describes its use in the sentence.

Question 51

The team put their plan into execution the very next day-

- A Proposed a plan
- B Discussed their plan
- C Started thinking about plan
- D Started carrying out their plan
- E None of these

Answer: D

Explanation:

When 'a plan is put to execution' it means that the plan is being carried out. Here, it means that the team started carrying out the plan very next day.

Question 52

Mrs.Nayak opened the discussion on the "alarming rate of poverty in India"-

- A Started the discussion
- B Gave her opinion in the discussion
- C Did not agree on the discussion
- D Welcomed the people to the discussion
- E None of these

Answer: A

Explanation:

In the context of given sentence, 'to open' means 'to begin' or 'to start'.

So, the sentence can also be read as- 'Mrs Nayak started the discussion.....'

Question 53

The course of event made it necessary for Joseph to start working-

- A Events that were planned
- B long list of future events
- C A succession of unexpected
- D Nature of events that followed after Joseph joined work
- E None of these

Answer: C

Explanation:

The course of things refer to the succession of unexpected.

In the context of the given sentence, it means succession of unexpected.

Question 54

The new law on "Right to Food Safety" will come into force next month-

- A Be forced upon the people
- B Be associated from next month onwards
- C Be implemented next month
- D Be withdrawn next month
- E Be widely rejected next month

Answer: C

Explanation:

In legal context, when something comes into force like an act or law, it means that it will 'begin to be implemented'.

Question 55

When the girl wanted to stay out past midnight her father put his foot down ?

- A Gave in to her request
- B Walked away disapprovingly
- C Obstructed her from leaving the house
- D Requested her to be home on time
- E None of these

Answer: E

Explanation:

The phrase 'to put one's foot down' means 'to assert something strongly'.

Instructions

Read each sentence to find out whether there is any grammatical error in it. The error if any will be in one part of the sentence. The letter of that part is the answer . If there is no error, the answer is (E) i.e.No Error. (Ignore the errors of punctuation if any)

Question 56

Nuclear waste will still being (A) / radioactive even after twenty thousand years (B) / so it must be disposed (C) / very carefully. (D) / No Error (E)

- A (A)
- B (B)
- C (C)
- D (D)
- E (E)

Answer: A

Explanation:

The correct sentence will read as-

Nuclear waste will still be radioactive even after twenty thousand years so it must be disposed very carefully.

And hence, 'will still being' needs to be replaced by 'will still be'.

SBI PO Free Mocks (Latest Pattern)

Question 57

My friend lived at the top (A) / of an old house (B) / which attic had been (C) / converted in to a flat (D) / No Error (E)

- A (A)
- B (B)
- C (C)
- D (D)
- E (E)

Answer: C

Explanation:

The correct usage will be 'whose attic had been.....' .

Hence, the correct sensible sentence is-

My friend lived at the top of an old house whose attic had been converted into a flat.

Question 58

A public safety advertising (A) / campaign in Russia (B) / hope to draw attention (C) / of pedestrians crossing the road (D) / No Error (E)

A (A)

B (B)

C (C)

D (D)

E (E)

Answer: C

Explanation:

The correct sentence is,

A public safety advertising campaign in Russia 'hopes to draw' attention of pedestrians crossing the road.

There is only one campaign and hence it will take singular form of the verb 'hope'.

Question 59

A cash prize was (A) / award to the most (B) / successful salesman of the year (C) / by the president of the company (D) No Error (E)

A (A)

B (B)

C (C)

D (D)

E (E)

Answer: B

Explanation:

The sentence describes the event that happened in past. Hence past tense of the verb 'award' i.e 'awarded' must be used.

The correct sentence will read as: A cash prize was awarded to the most successful salesman of the year by the president of the company.

Download SBI Clerk Syllabus PDF

Question 60

The Renaissance was (A) / a time to re-awakening (B) / in both the arts (C) and the sciences.(D) No Error (E)

A (A)

B (B)

C (C)

D (D)

E (E)

Answer: B

Explanation:

Here, 'to re-awakening' fails to make any grammatical sense. The correct usage should be 'of re-awakening'.
The correct sentence is-
The Renaissance was a time of re-awakening in both the arts and the sciences.
Hence, the option is B.

Instructions

Each sentence below has a blank/s, each blank indicates that something has been omitted. Choose the word/s that best fit/s the meaning of the sentence as a whole

Question 61

Many leading members of the opposition party to justify the party's decision.

- A Having tried
- B Has tried
- C Have been trying
- D Tries
- E Is trying

Answer: C

Explanation:

Present perfect progressive tense must be used in order to form a grammatically correct sentence.
Hence, 'have been trying' is the correct option.

Question 62

The state-of-the art school is..... with a medical clinic and fitness centre.

- A Establish
- B Illustrative
- C Having
- D Equipped
- E Compromising

Answer: D

Explanation:

In this context, 'equipped' is the most suitable option as expression 'equip with' means 'to add onto something'.

GK Study Material for Banking Exams (Download PDF)

Question 63

The Bhagavad Gita is a part of the Mahabharata , but it stands and is ... in itself.

- A Dependent, incomplete
- B Together, justified
- C Separate, dignified
- D Apart, complete
- E United, connected

Answer: D

Explanation:

Here all other options, except option D, do not quite give the intended sense to the sentence. Only the words- apart and complete give the sentence sense. Hence, Option D is correct option.

Question 64

The artist's work of art is worthy... praise

- A For
- B Of
- C To
- D About
- E To be

Answer: B

Explanation:

The correct preposition to be used is 'of'. Hence, the correct option is Option B.

Question 65

The charity..... most of its money through private donations.

- A Receives
- B Brrows
- C Uses
- D Proposes
- E Invests

Answer: A

Explanation:

'Recieves' most aptly describes the act of giving donation to charity by private companies. Hence, the answer is Option A.

E (E)

Answer: E

Explanation:

The sentence is gramatically correct with no spelling errors.

Question 68

The political(A) environment(B) is not condusive(C) to economic reforms.(D) All Correct(E)

A (A)

B (B)

C (C)

D (D)

E (E)

Answer: C

Explanation:

The word 'conducive' has been misspelt as 'condusive' in the sentence.

Hence, the correct option is C.

SBI Clerk Previous Papers (Download PDF)

Question 69

The report(A) found that the safety(B) equipment had been very poorly(C) maintained.(D)All Correct (E)

A (A)

B (B)

C (C)

D (D)

E (E)

Answer: E

Explanation:

In the given sentence, none of the spelling which is bold is incorrect. Hence the correct option is E.

Question 70

Some of our regular listeners(A) have complained(B) about the programme(C) schedule(D). All Correct (E)

A (A)

B (B)

C (C)

D (D)

E (E)

Answer: A

Explanation:

The word 'listeners' has been misspelt as 'listenors'. Hence, the option is option A

Instructions

Rearrange the following six sentence / group of sentence (1), (2), (3), (4), (5) and (6) in the proper sequence to form a meaningful paragraph; then answer the question given below them.

(1) The merchant greedily counted his gold and said "The purse I dropped had 200 pieces of gold in it. You've already stolen more than the reward ! I Go away or I will tell the police".

(2) The judge, looking towards the merchant said, "you stated that the purse you lost contained 200 pieces of gold. Well ,that's a considerable cost. But the purse this beggar found had only 100 pieces of gold".

(3) Being an honest man, the beggar came forward and handed the purse to the merchant saying , "Here is your purse . May I have my reward now?"

(4) "This purse therefore cannot be the one who finds my leather purse"?

(5) A beggar found a leather purse that someone had dropped in the marketplace. On opening it, he discovered that it contain 100 pieces of gold. Then he heard a merchant shout, "A Reward ! A reward to the one who finds my leather purse".

(6) "I am an honest man," said the beggar defiantly. "let us take this matter to the court. The judge patiently listened to both sides of the story.

Question 71

Which of the following should be the FIRST sentence after rearrangement ?

A 5

B 2

C 4

D 3

E 6

Answer: A

Explanation:

The para after reaarangement should read as:

(Here, the sentence number in question has been left unchanged for ease of understanding.)

(5) A beggar found a leather purse that someone had dropped in the marketplace. On opening it, he discovered that it contain 100 pieces of gold. Then he heard a merchant shout, "A Reward ! A reward to the one who finds my leather purse". (A character of beggar, merchant is introduced along with event of beggar having found a purse. Hence, this is the first sentence.)

(3) Being an honest man, the beggar came forward and handed the purse to the merchant saying , "Here is your purse . May I have my reward now?" (This will logically be the next sentence as now beggar will give the purse to merchant as merchant has lost the purse which he has found.)

(1) The merchant greedily counted his gold and said "The purse I dropped had 200 pieces of gold in it. You've already stolen more than the reward ! I Go away or I will tell the police".(The natural thing for merchant to do is count whether the money is intact or not and hence this forms the third sentence)

(6) "I am an honest man," said the beggar defiantly. "let us take this matter to the court. The judge patiently listened to both sides of the story.(Beggar having been wrongfully accused of theft will want this matter to be settled in court so that he gets justice.)

(2) The judge, looking towards the merchant said, "you stated that the purse you lost contained 200 pieces of gold. Well ,that's a considerable cost. But the purse this beggar found had only 100 pieces of gold".(The character of judge will now enter the storyline.)

(4) "This purse therefore cannot be the one you lost"? (This is the last sentence as all others have been arranged to for the para.)

Hence, the option is A.

Free Banking Study Material (15,000 Solved Questions)

Question 72

Which of the following should be the FOURTH sentence after the rearrangement ?

- A 4
- B 6
- C 2
- D 5
- E 3

Answer: B

Explanation:

The para after rearrangement should read as:

(Here, the sentence number in question has been left unchanged for ease of understanding.)

(5) A beggar found a leather purse that someone had dropped in the marketplace. On opening it, he discovered that it contain 100 pieces of gold. Then he heard a merchant shout, "A Reward ! A reward to the one who finds my leather purse". (A character of beggar, merchant is introduced along with event of beggar having found a purse. Hence, this is the first sentence.)

(3) Being an honest man, the beggar came forward and handed the purse to the merchant saying , "Here is your purse . May I have my reward now?" (This will logically be the next sentence as now beggar will give the purse to merchant as merchant has lost the purse which he has found.)

(1) The merchant greedily counted his gold and said "The purse I dropped had 200 pieces of gold in it. You've already stolen more than the reward ! I Go away or I will tell the police".(The natural thing for merchant to do is count whether the money is intact or not and hence this forms the third sentence)

(6) "I am an honest man," said the beggar defiantly. "let us take this matter to the court. The judge patiently listened to both sides of the story.(Beggar having been wrongfully accused of theft will want this matter to be settled in court so that he gets justice.)

(2) The judge, looking towards the merchant said, "you stated that the purse you lost contained 200 pieces of gold. Well ,that's a considerable cost. But the purse this beggar found had only 100 pieces of gold".(The character of judge will now enter the storyline.)

(4) "This purse therefore cannot be the one you lost"? (This is the last sentence as all others have been arranged to for the para.)

Hence, the correct option is B.

Question 73

Which of the following should be the FIFTH sentence after the rearrangement ?

- A 5
- B 4
- C 2
- D 3
- E 6

Answer: C

Explanation:

The para after rearrangement should read as:

(Here, the sentence number in question has been left unchanged for ease of understanding.)

(5) A beggar found a leather purse that someone had dropped in the marketplace. On opening it, he discovered that it contain 100 pieces of gold. Then he heared a merchant shout, "A Reward ! A reward to the one who finds my leather purse". (A character of beggar, merchant is introduced along with event of beggar having found a purse. Hence, this is the first sentence.)

(3) Being an honest man, the beggar came forward and handed the purse to the merchant saying , "Here is your purse . May I have my reward now?" (This will logically be the next sentence as now beggar will give the purse to merchant as merchant has lost the purse which he has found.)

(1) The merchant greedily counted his gold and said "The purse I dropped had 200 pieces of gold in it. You've already stolen more than the reward ! I Go away or I will tell the police".(The natural thing for merchant to do is count whether the money is intact or not and hence this forms the third sentence)

(6) "I am an honest man," said the beggar defiantly. "let us take this matter to the court. The judge patiently listened to both sides of the story.(Beggars having been wrongfully accused of theft will want this matter to be settled in court so that he gets justice.)

(2) The judge, looking towards the merchant said, "you stated that the purse you lost contained 200 pieces of gold. Well ,that's a considerable cost. But the purse this beggar found had only 100 pieces of gold".(The character of judge will now enter the storyline.)

(4) "This purse therefore cannot be the one you lost"? (This is the last sentence as all others have been arranged to for the para.)

Hence, the correct option is C

Question 74

Which of the following should be the SIXTH (LAST) sentence after the rerrangment ?

- A 1
- B 4
- C 2
- D 5
- E 3

Answer: B

Explanation:

The para after rearrangement should read as:

(Here, the sentence number in question has been left unchanged for ease of understanding.)

(5) A beggar found a leather purse that someone had dropped in the marketplace. On opening it, he discovered that it contain 100 pieces of gold. Then he heared a merchant shout, "A Reward ! A reward to the one who finds my leather purse". (A character of beggar, merchant is introduced along with event of beggar having found a purse. Hence, this is the first sentence.)

(3) Being an honest man, the beggar came forward and handed the purse to the merchant saying , "Here is your purse . May I have my reward now?" (This will logically be the next sentence as now beggar will give the purse to merchant as merchant has lost the purse which he has found.)

(1) The merchant greedily counted his gold and said "The purse I dropped had 200 pieces of gold in it. You've already stolen more than

the reward ! I Go away or I will tell the police".(The natural thing for merchant to do is count whether the money is intact or not and hence this forms the third sentence)

(6) "I am an honest man," said the beggar defiantly. "let us take this matter to the court. The judge patiently listened to both sides of the story.(Beggar having been wrongfully accused of theft will want this matter to be settled in court so that he gets justice.)

(2) The judge, looking towards the merchant said, "you stated that the purse you lost contained 200 pieces of gold. Well ,that's a considerable cost. But the purse this beggar found had only 100 pieces of gold".(The character of judge will now enter the storyline.)

(4) "This purse therefore cannot be the one you lost"? (This is the last sentence as all others have been arranged to for the para.)

Hence, the correct option is B.

Download Highly Rated Banking APP

Question 75

Which of the following sentence should be the **SECOND** sentence after the rearrangement ?

A 1

B 4

C 6

D 2

E 3

Answer: E

Explanation:

The para after rearrangement should read as:

(Here, the sentence number in question has been left unchanged for ease of understanding.)

(5) A beggar found a leather purse that someone had dropped in the marketplace. On opening it, he discovered that it contain 100 pieces of gold. Then he heard a merchant shout, "A Reward ! A reward to the one who finds my leather purse". (A character of beggar, merchant is introduced along with event of beggar having found a purse. Hence, this is the first sentence.)

(3) Being an honest man, the beggar came forward and handed the purse to the merchant saying , "Here is your purse . May I have my reward now?" (This will logically be the next sentence as now beggar will give the purse to merchant as merchant has lost the purse which he has found.)

(1) The merchant greedily counted his gold and said "The purse I dropped had 200 pieces of gold in it. You've already stolen more than the reward ! I Go away or I will tell the police".(The natural thing for merchant to do is count whether the money is intact or not and hence this forms the third sentence)

(6) "I am an honest man," said the beggar defiantly. "let us take this matter to the court. The judge patiently listened to both sides of the story.(Beggar having been wrongfully accused of theft will want this matter to be settled in court so that he gets justice.)

(2) The judge, looking towards the merchant said, "you stated that the purse you lost contained 200 pieces of gold. Well ,that's a considerable cost. But the purse this beggar found had only 100 pieces of gold".(The character of judge will now enter the storyline.)

(4) "This purse therefore cannot be the one you lost"? (This is the last sentence as all others have been arranged to for the para.)

Hence, the option is option E

Instructions

In the following passage there are blanks each of which has been numbered. These number are printed below the passage and against each five words are suggested one of which fits the blank appropriately. Find out appropriate word in each case.

The Bhagavad Gita is a poem of 700 verses which is a part of the Mahabharata.It the only philosophical song existing in all languages. Its popularity and influence have never waned. It...36...light and guidance to the troubled mind in times of crisis It is the ...37.... of a dialogue between Arjuna and Krishna on the thought of the killings of his friends and relatives. He cannot conceive of any gain. Arjuna is in the38....of the tortured spirit of man torn by conflicting obligations and moralities.

The dialogue proceed and takes us to the higher level of individual duty and social behaviour, application of ethics to practical life and social outlook that should govern all An attempt is....39.... to reconcile the three paths of human advancement the path of knowledge, the path of action and the path of faith. But more...40... is laid on faith. There is a call of action to meet the obligations of life, keeping in

view the spiritual background and the large purpose of the universe.

Question 76

36....

- A Provides
- B Shines
- C Enforces
- D Secures
- E Seeks

Answer: A

Explanation:

Here, 'provide' is used in context of 'making available' the light and guidance.

Hence, the option A is appropriate one as it suits the context better than Option B i.e Shines.

Question 77

37....

- A Programme
- B Constitution
- C Part
- D Formation
- E Form

Answer: E

Explanation:

The 'form' juxtaposes well within the context.

Hence, the correct option is option E

Question 78

38....

- A Conceived
- B Dream
- C Source
- D Figures
- E Symbol

Answer: E

Explanation:

In this context, Arjuna represents the obligations and moralities.

Hence, he supposedly symbolises them.

Therefore, 'symbol' is correct choice.

Question 79

39....

- A Generated
- B Made
- C Established
- D Coined
- E Given

Answer: B

Explanation:

Of all the option, for the given contextt, 'made' is apt. Hence, the option B is correct one.

Question 80

40.....

- A Important
- B Significant
- C Declaration
- D Emphasis
- E Blessings

Answer: D

Explanation:

In this case important, significant, emphasis are all well suited.

But among these 'emphasis' is the apt one as it is well suited to the context and is eloquent.

Hence, the correct option is Option D.

Free Banking Study Material (15000 Solved Questions)

Reasoning

Instructions

For the following questions answer them individually

Question 81

If it possible to make only one meaningful word with the first ,fourth, fifth and tenth letters of the word TELEVISION, Which of the following would be the second letter of that word from the right end ? If no such word can be made, give 'X' as your answer and if more than one such word can be formed, give your answer as 'Y'

- A X
- B L
- C N
- D E

E Y

Answer: C

Explanation:

The first, fourth, fifth and tenth letters of the word TELEVISION are T,E,V,N.
The word formed is VENT.
And second letter from right is N.
Correct option is option C.

SBI PO Solved Previous Papers (Download PDF)

Question 82

If each of the vowels in the word GOLIATHS is changed to the next letter in the English alphabetical series and each consonant is changed to the previous letter in the English alphabetical series and then the alphabetical so formed are arranged in alphabetical order from left to right which of the following will be sixth from the left of the new arrangement thus formed ?

A S

B P

C G

D J

E F

Answer: B

Explanation:

Here, we are suppose to change to previous letter in alphabetical series if it's consonant and change to next letter if it's vowel.

Therefore, the word GOLIATH will now read as -

FPKJBSSGR

Now, arranging this in alphabetical order -

BFGKJPRS

The sixth letter is P

Question 83

In a certain language 'WEAK' is coded as '4\$9β' and 'REST' is coded as '7\$8#' and 'WREK' is coded as '4\$β7'. How will 'KEWRA' be coded in the same code ?

A 74\$β#

B β7\$8#

C #β974

D \$β794

E 478β\$

Answer: D

Explanation:

By comparing the coding of WEAK, REST and WREK, we can conclude that,

E=\$, WK=4β, A=9, R 7,

Hence WREAK coding will contain $\$,9,7,4,\beta$

Therefore, option D is correct answer.

Question 84

How many such pairs of letter are there in the word **FORMATION** each of which has as many letters between them in the word (in both forward and backward directions) as they have between them in the English alphabetical order ?

- A None
- B One
- C Two
- D Three
- E More than three

Answer: D

Explanation:

This question may look complex but is pretty straightforward.

Here, O and M has one letter between them in Alphabetical series and the given letter.

Also, O and N are successive to each other in backward in alphabetical series and forward successively in the word.

Lastly, F and N have a gap of 7 letters in alphabetical series and same gap in the word 'FORMATION'.

Thus, there are 3 pairs.

Question 85

'Music is related to Notes' in the same way as 'Language' is related to.....

- A Sentences
- B Combination
- C Grammar
- D Alphabets
- E Syntax

Answer: D

Explanation:

'Music is related to Notes' in the same way as 'Language' is related to Alphabets.

Question 86

How many meaningful English words can be formed with the letters **ADIC** using each letter only once in each word ?

- A None
- B One
- C Two
- D Three

E More than three

Answer: B

Explanation:

We can form one word by using ADIC where each letter comes only once.

The words is ACID.

Hence, the answer is and option is B

Question 87

If the digits in the number 79246358 are arranged in descending order form left to right ;what will be the difference between the digits which are third from the right and second from the left in the new arrangement ?

A 1

B 2

C 3

D 4

E 5

Answer: D

Explanation:

Arranging the digits 79246358 in descending order, we get 98765432

Now the difference between the digits which are third from the right and second from the left = $8-4 = 4$

Hence, the answer is w and option is D.

SBI PO Free Mocks (Latest Pattern)

Question 88

Four of the following five are alike in a certain way and so form a group, which is the one that does not belong to that group ?

A Violin

B Harp

C Guitar

D Flute

E Sitar

Answer: D

Explanation:

Violin, Harp, Guitar, Sitar are all string based musical instruments while flute is air based musical instrument.

Hence, the answer is Flute.

And the option is D.

Question 89

In a certain language 'give me more' is coded as '7 3 5', 'she has more' is coded as '9 7 1' and 'she asked me gently' is coded as '6 3 2 1' which of the following is the code for 'give' in that language ?

A 5

- B 7
- C 6
- D 9
- E 1

Answer: A

Explanation:

From first and second condition, the common word is more coded as '7'

From first and third condition, the common word is me coded as '3'

Thus, in the first statement, only word left is give coded as '5'

Instructions

Read the following information carefully and answer the questions which follow-

If 'p★Q' means 'p is the mother of Q'

If 'p×Q' means 'p is the father of Q'

If 'p+Q' 'P is the sister of Q'

If 'p-Q' means 'p is the brother of Q'

If 'P≥Q' means 'p is the son of Q'

If 'p≤Q' means 'p is the daughter of Q'

Question 90

In the expression 'A × B + R ≥ S' how is S related to A ?

- A Daughter-in-law
- B Daughter
- C Wife
- D Sister
- E Cannot be determined

Answer: C

Explanation:

In, order to tackle this question, we intpret the equation in reverse manner.

Now, $R \geq S$ means R is son of S.

B+R means B is sister of R which means S is mother of B.

Now, AxB means A is father of B, but then B is also daughter of A.

Hence, S is wife of A.

Hence, option is C.

Download SBI Clerk Syllabus PDF

Question 91

In the expression 'p + Q ≥ A-B' how is p related to B ?

- A Daughter
- B Son
- C Niece

- D Nephew
- E Cannot be determined

Answer: C

Explanation:

A-B means B is brother of A.

$Q \geq A$ means A is father of Q and Q is niece of B.

$P+Q$ means P is sister of Q which also means P is niece of B.

Hence, the correct option is option C.

Question 92

In the expression ' $W \geq X \leq Y \star Z$ ' how is W related to Z ?

- A Nephew
- B Uncle
- C Son
- D Brother-in-law
- E None of these

Answer: A

Explanation:

$W \geq X$ means W is son of X.

$X \leq Y$ means X is daughter of Y.

$Y \star Z$ means Y is mother of Z which means X and Z are siblings. Also, W is son of X which means Z is uncle/aunt of W and W is nephew of Z.

Hence, correct option is A.

Question 93

Which of the following means p is the father of S ?

- A $p \times Q \leq R \star S$
- B $R \times P \leq Q-S$
- C $R+S \geq Q+P$
- D $S+Q-R \star P$
- E Cannot be determined

Answer: A

Explanation:

$p \times Q \leq R \star S$

Now, $R \star S$ means S is son/daughter of R.

$Q \leq R$ means R is father or mother of Q. hence, S and Q are siblings.

$p \times Q$ means Q is son\daughter of P. S is son/daughter of P as S and Q are siblings. Hence S is parent to P.

Hence, the correct option is A.

GK Study Material for Banking Exams (Download PDF)

Question 94

Which of the following means D is the aunt of C ?

- A $D \geq B \star A \star C$
- B $D+B-C \star A$
- C $D-B-A \times C$
- D $D+B \times A \times C$
- E None of these

Answer: E

Explanation:

None of the options establish a relation of C being nephew of D or D being aunt of C.

Hence, none of the option is correct.

The correct option in this case is E.

Instructions

In each of the question below are given three statements followed by two conclusion numbered I and II. You have to take the given statements to be true even if they seem to at variance from commonly known facts and then decide which of given conclusion logically follows from the statements disregarding commonly known facts Give answers--

- A If only conclusion I follows
- B If only conclusion II follows
- C If either conclusion I or conclusion II follows
- D If neither conclusion I nor conclusion II follows
- E If both conclusion I and II follows

Question 95

statements:

some casual are formal.

All formal are expensive.

All expensive are elegant.

Conclusion:

I.All formal are elegant

II.Some casual are expensive

- A If only conclusion I follows
- B If only conclusion II follows
- C If either conclusion I or conclusion II follows
- D If neither conclusion I nor conclusion II follows
- E If both conclusion I and II follows

Answer: E

Explanation:

Some casual are formal.

All formal are expensive. Hence, some casuals are expensive.

All expensive are elegant. Hence, all formals are elegant and some casuals are elegant.

Therefore, both I and II follow.

Question 96

Statements:

All roses are red.

Some red are colour.

All colour are paints.

Conclusion:

I. Some red are paints.

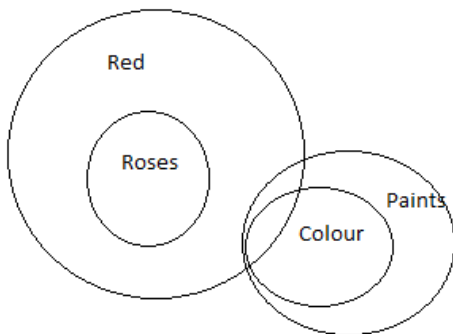

II. All red are roses.

- A If only conclusion I follows
- B If only conclusion II follows
- C If either conclusion I or conclusion II follows
- D If neither conclusion I nor conclusion II follows
- E If both conclusion I and II follows

Answer: A

Explanation:

The data can be interpreted in syllogisms form as:

Some red are paints. This conclusion can be drawn as apparent from Venn diagram.
All red are roses. This is obviously a wrong conclusion.
Hence, only I follows.

SBI Clerk Free Mock Test (Latest Pattern)

Question 97

statements:

All towns are cities.

All cities are urban.

Some urban are rural.

Conclusion:I. Some towns are rural.

II. All rural are towns.

- A If only conclusion I follows
- B If only conclusion II follows
- C If either conclusion I or conclusion II follows

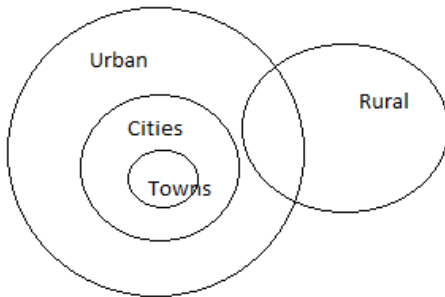

D If neither conclusion I nor conclusion II follows

E If both conclusion I and II follows

Answer: D

Explanation:

The data can be interpreted in Venn diagram form as:

Some towns are rural. We cannot say this with surety and this conclusion can be contradicted. All rural are towns. This definitely cannot be concluded from Venn diagram. Hence, both conclusion I and II do not follow.

Question 98

statements:

All medicines are tablets.

Some tablets are tonics.

Some tonics are bitter.

Conclusion:

I. Some tablets are bitter.

II. No medicines is a tonic.

A If only conclusion I follows

B If only conclusion II follows

C If either conclusion I or conclusion II follows

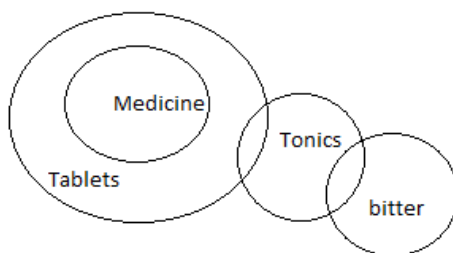

D If neither conclusion I nor conclusion II follows

E If both conclusion I and II follows

Answer: D

Explanation:

Data can be interpreted in Venn diagram form as:

Some tablets are bitter. This conclusion cannot be drawn from the Venn diagram.

No medicines is a tonic. This conclusion also cannot be drawn.

Both I and II do not follow.

Option D is correct option.

Question 99

statements:

All incomes are salaries.

Some salaries are perks .

Some perks are tangible.

Conclusion:

I. Some incomes are tangible.

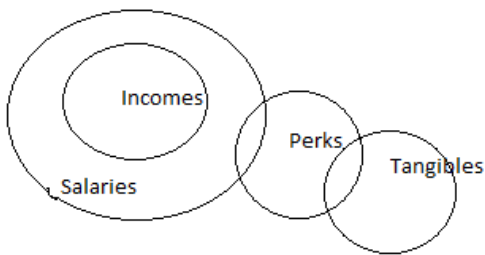

II. At least some perks are salaries.

- A If only conclusion I follows
- B If only conclusion II follows
- C If either conclusion I or conclusion II follows
- D If neither conclusion I nor conclusion II follows
- E If both conclusion I and II follows

Answer: B

Explanation:

Data can be interpreted in Venn diagram form as:

Some incomes are tangible. The income and tangibles are disjoint sets. Hence, conclusion drawn is incorrect.

At least some perks are salaries. This conclusion is correct. There is intersection between perks and salaries set.

SBI Clerk Previous Papers (Download PDF)

Instructions

The following questions are based on five words given below

RAT **ONE** BUT

AND SAW

(The new words formed after performing the mentioned operations may or not necessarily be meaningful English words.)

Question 100

If in each of the given words , each alphabet is changed to the next letter in the English alphabetical series, in how many words thus formed have the consonants changed to vowels ?

- A One
- B Two
- C Three
- D Four
- E Five

Answer: D

Explanation:

After changing the alphabets to their next successive letters in the alphabetical series,

RAT ONE BUT AND SAW

changes to

SBU POF CVU BOE TBX

Now, in SBU POF CVU BOE the words are obtained after changing consonants to vowels.

Hence, four words have this consonant to vowel change.

Answer is option D.

Question 101

How many such pairs of letters are there in the word highlighted in bold, each of which has as many letters between them in the word (in both forward and backward directions) as they have between them in the English alphabetical order ?

A None

B One

C Two

D Three

E Four

Answer: B

Explanation:

ON in ONE is successive.

Also in alphabetical series it's successive, as in NO

Hence, the answer is one.

And option is B.

Question 102

If the first alphabet of each of the word is changed to the next alphabet in the English alphabetical series, how many meaningful English words will be formed ?

A One

B Two

C Three

D Four

E Five

Answer: C

Explanation:

The first alphabet of each of the word is changed to the next alphabet in the English alphabetical series,

Hence, RAT ONE BUT AND SAW becomes SAT PNE CUT BND TAW.

Hence, three meaningful words SAT, TAW and CUT are formed.

Answer is option C.

Free Banking Study Material (15,000 Solved Questions)

Question 103

If the given words are arranged in the order as they would appear in the dictionary from left to right which of the following would be fourth from the left ?

- A RAT
- B ONE
- C BUT
- D AND
- E SAW

Answer: A

Explanation:

If we arrange the words as they would be arranged in dictionary from left to right.

The words can be arranged as AND BUT ONE RAT SAW

The fourth word is RAT.

Hence, option is option A.

Question 104

If in each of the given words ,only the consonants are changed to the next letter in the English alphabetical series and the vowels are retained ,in how many words thus formed will the vowels appear twice or more times (same or different vowels)

- A None
- B One
- C Two
- D Three
- E Four

Answer: E

Explanation:

The consonants are changed to the next letter in the English alphabetical series and the vowels are retained.

The words would read as SAU OOE CUU AOE TAX

Hence, in four words the the vowels appear twice or more times (same or different vowels).

The correct option is Option E.

Instructions

Study the following informations carefully and answer the given questions- five friends P, Q, R, S and T travelled separately to five different cities namely: Chennai, Kolkata, Delhi, Hyderabad and Mangalore by different modes of transport i.e, by bus, train, aeroplane, car and boat from Goa.

The person who travelled to Delhi did not travel by boat. R travelled to Mangalore by car and S travelled by boat. Q travelled to Kolkata by aeroplane, and T travelled by train. Goa is not connected by bus to Delhi and Chennai.

Question 105

S travelled toby.....?

- A Hyderabad, train
- B Chennai, boat
- C Chennai, train
- D Delhi, boat
- E Delhi, train

Answer: B

Explanation:

The information given to us is:

The person who travelled to Delhi did not travel by boat. R travelled to Mangalore by car and S travelled by boat . Q travelled to Kolkata by Aeroplane ,and T travelled by train. Goa is not connected by bus to Delhi and Chennai.

This information in tabular format can be interpreted as,

P	Hyderabad	bus
Q	Kolkata	aeroplane
R	Mangalore	car
S	Chennai	boat
T	Delhi	train

Hence, we can conclude that S travelled to Chennai by Boat

Download Highly Rated Banking APP

Question 106

Who amongst the following travelled to Delhi ?

- A T
- B R
- C S
- D P
- E Q

Answer: A

Explanation:

The information given to us is:

The person who travelled to Delhi did not travel by boat. R travelled to Mangalore by car and S travelled by boat . Q travelled to Kolkata

by Aeroplane ,and T travelled by train. Goa is not connected by bus to Delhi and Chennai.

This information in tabular format can be interpreted as,

P	Hyderabad	bus
Q	Kolkata	aeroplane
R	Mangalore	car
S	Chennai	boat
T	Delhi	train

Hence, T travelled to Delhi.

Question 107

Q:Kolkata in the same way as S : ?

- A Hyderabad
- B Chennai
- C Mangalore
- D Delhi
- E Cannot be determined

Answer: B

Explanation:

The information given to us is:

The person who travelled to Delhi did not travel by boat. R travelled to Mangalore by car and S travelled by boat . Q travelled to Kolkata by Aeroplane ,and T travelled by train. Goa is not connected by bus to Delhi and Chennai.

This information in tabular format can be interpreted as,

P	Hyderabad	bus
Q	Kolkata	aeroplane
R	Mangalore	car
S	Chennai	boat
T	Delhi	train

Hence S travelled to chennai as Q travelled to Kolkata.

Question 108

Which of the following combinations of places and transport is correct ?

- A Kolkata-Bus
- B Delhi-Aeroplane
- C Mangaloar-Train
- D Chennai-Boat
- E Hyderabad-car

Answer: D

Explanation:

The information given to us is:

The person who travelled to Delhi did not travel by boat. R travelled to Mangalore by car and S travelled by boat . Q travelled to Kolkata by Aeroplane ,and T travelled by train. Goa is not connected by bus to Delhi and Chennai.

This imformation in tabular format can be intepreted as,

P	Hyderabad	bus
Q	Kolkata	aeroplane
R	Mangalore	car
S	Chennai	boat
T	Delhi	train

Hence the combination Chennai-boat is correct.

Question 109

Which of the following combinations is true for p ?

- A Travelled to Kolkata by bus
- B Travelled to Delhi by train
- C Travelled to Chennai by boat
- D Travelled to Hyderabad by bus
- E None of these

Answer: D

Explanation:

The information given to us is:

The person who travelled to Delhi did not travel by boat. R travelled to Mangalore by car and S travelled by boat . Q travelled to Kolkata by Aeroplane ,and travelled by train. Goa is not connected by bus to Delhi and Chennai.

This information in tabular format can be interpreted as,

P	Hyderabad	bus
Q	Kolkata	aeroplane
R	Mangalore	car
S	Chennai	boat
T	Delhi	train

Hence, P travelled to Hyderabad by bus.

Instructions

For the following questions answer them individually

Question 110

In a certain code TRUMP is written SUTQN. How is FIRED written in that code ?

- A GJQEF
- B JGEQF
- C JQGEF
- D JGQFE
- E JGQEF

Answer: E

Explanation:

By analysing the coding between TRUMP and SUTQN we get that first pair from right is switched and then first pair from left is switched. Then successive letter in alphabetical series is written for first, second, fourth and fifth letter.

For the middle letter, the preceding letter in alphabetical series is written.

Thus FIRED after first operation would become IFRDE and then after substitution would become JGQEF.

Instructions

In each of the questions given below which one of the five answer figure should come after the problem figure, if the sequence were continued ?

Problem figures

○ ☆ □	C U △	= ☆ C	C = ☆	⊠ ○ △
△ ⊠ C	□ = ○	⊠ △ T	△ T ⊠	☆ □ C
= U T	T ☆ ⊠	○ U □	□ ○ U	U = T

Answer figures

C U △	□ = ⊠	☆ U △	△ U C	T U △
□ ○ =	T △ U	□ = ○	□ = ○	□ = ○
☆ T ⊠	C ○ ☆	T C ⊠	T ☆ ⊠	C ☆ ⊠

- (1) (2) (3) (4) (5)

A (1)

B (2)

C (3)

D (4)

E (5)

Answer: B

Explanation:

Here, the triangle rotates in closed path. It moves from middle left corner to top right corner to middle of the matrix. The last position was top right corner and hence, the next position would be middle of the matrix.

Only one option has this position of triangle and it is the answer.

Answer is Option B.

Free Banking Study Material (15000 Solved Questions)

Problem figures

□ ○ △	V = ◇	△ ☆ □	□ △ ☆	○ = U
☆ U =	○ ☆ U	V = ◇	◇ V =	△ ◇ V
◇ V	△ □	○ U	U ○	☆ □

Answer figures

☆ ◇ □	= △ ◇	△ ☆ □	V = ◇	□ △ ☆
○ = U	□ ☆ U	V = ◇	○ ☆ U	◇ V =
△ V	V ○	○ U	△ □	U ○

- (1) (2) (3) (4) (5)

A (1)

B (2)

C (3)

D (4)

E (5)

Answer: A

Explanation:

Here, the equal sign follows a closed path from middle right corner to top middle to middle

Also, the square sign follows from top left corner to bottom right corner to top right corner.

In the last case the equal sign is at middle top and square is at bottom right corner. Hence, in next figure equal would be at middle and square would be at top right corner.

Question 113

Problem figures

Answer figures

(1) (2) (3) (4) (5)

A (1)

B (2)

C (3)

D (4)

E (5)

Answer: A

Explanation:

Here, the arrow rotates in anticlockwise direction.

Also, the newly introduced figure (here, square) shuffles from top to bottom.

In last figure the arrow is facing downward, it will rotate and will be pointing right in next figure. The square will shuffle from top to bottom.

Hence, the answer is option A i.e fig.1

Question 114

Problem figures

T U P = Z C	O U P = Z C	O U P = Z	O F P = Z	O F P = Z
----------------------	-------------------	--------------	-----------	-----------

Answer figures

O F P = Z C	O U P = Z C	O F =	O F P = Z	T U P = Z C
-------------	-------------------	-------------	-----------	-------------------

- (1) (2) (3) (4) (5)

- A (1)
- B (2)
- C (3)
- D (4)
- E (5)

Answer: C

Explanation:

The contents are moving in anti clockwise manner.

In last figure, the F is at second position at bottom from right.

Hence in the next figure it should be at bottom right corner.

The correct option is C.

[SBI PO Solved Previous Papers \(Download PDF\)](#)

Question 115

Problem figures

B L B	L B	T B	C T B	S B
▲ ▼ ▲ ▼ ▲	▼ ▼ ▲ ▼ ▼	▼ ▲ ▼ ▲ ▼	▲ ▲ ▼ ▲ ▲	▲ ▼ ▲ ▼ ▲

Answer figures

F L B	B L B	F L B	T B	F L B
▲ ▼ ▲ ▼ ▼	▲ ▼ ▲ ▼ ▲	▼ ▼ ▼ ▼ ▼	▼ ▲ ▼ ▲ ▼	▼ ▼ ▲ ▼ ▼

- (1) (2) (3) (4) (5)

- A (1)
- B (2)
- C (3)

D (4)

E (5)

Answer: E

Explanation:

Here, B, L rotate in clockwise direction with gradual shift in position by one place.

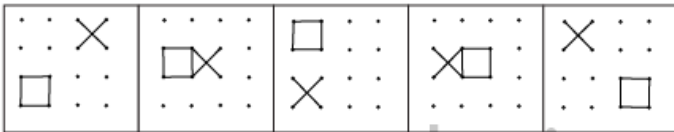

Also, at the bottom, the triangle is darkened successively.

Hence, the B at middle would rotate and get shifted to middle right. L will shift from middle right to middle and first triangle would be darkened.

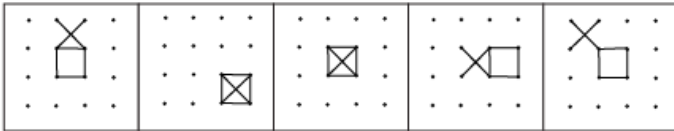

Therefore, the answer figure is 5.

Question 116

Problem figures

Answer figures

(1)

(2)

(3)

(4)

(5)

A (1)

B (2)

C (3)

D (4)

E (5)

Answer: D

Explanation:

The X and square seem to follow the side-diagonal-side pattern.

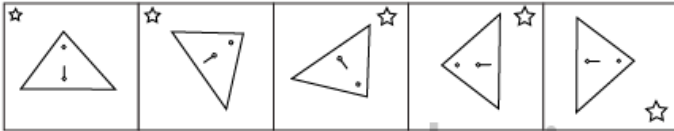

The square having completed its diagonal would move along the side from bottom right corner to right middle.

The X having completed its side would move diagonally.

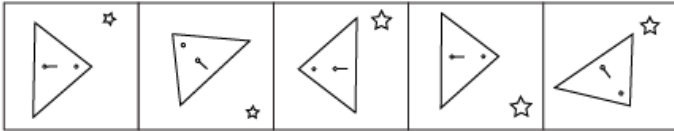

Hence, the correct answer figure is 4 i.e option D.

Question 117

Problem figures

Answer figures

(1) (2) (3) (4) (5)

- A (1)
- B (2)
- C (3)
- D (4)
- E (5)

Answer: B

Explanation:

Here, the easiest strategy is to follow the keyhole and star.

For two consecutive figures, the location of star remains same.

Hence, in the answer figure the star would be at bottom right corner.

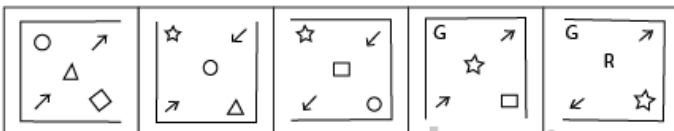

The keyhole alternately changes from upside to downside.

In last figure it is downside with respect to vertex. Hence, it would be at topside with respect to vertex in answer figure.

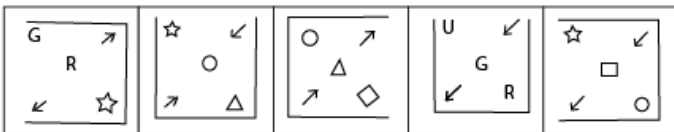

Get Free Study Material & Updates - Whatsapp "Updates" to 7661025557

Question 118

Problem figures

Answer figures

(1) (2) (3) (4) (5)

- A (1)
- B (2)

- C (3)
- D (4)
- E (5)

Answer: D

Explanation:

The one side open square seems to retrace it's path after it's cyclic clock wise movement.

Also, the newly introduced symbols move from top left corner to middle to bottom right corner.

Only figure 4 satisfies all the criterion and hence it's the answer.

Question 119

Problem figures

U V O Δ □ ○ ☆ =	☆ ◇ u Δ □ V = ○ ○	◇ ☆ = u Δ □ V ○ ○	○ ◇ u = ☆ V □ △ ○	□ = ○ ○ △ ☆ ◇ ○ V u
--------------------------	----------------------------	----------------------------	-------------------------------	---------------------------------

Answer figures

○ ◇ u = ☆ V □ △ ○	☆ ◇ u Δ □ V = ○ ○	□ = ○ Δ ☆ ◇ ○ V u	U V ○ ◇ □ ○ ☆ △ =	= □ ○ ○ △ ☆ ◇ u V
(1)	(2)	(3)	(4)	(5)

- A (1)
- B (2)
- C (3)
- D (4)
- E (5)

Answer: E

Explanation:

The figures are in set of three.

We are supposed to find the last figure which forms set with last figures of question set.

In first set of question figure, the last two have switching of symbols on all the four side.

Going by this logic, the answer would be figure 5.

Hence, option is Option E.

Question 120

Problem figures

T U L I P	P T U L C	C L K T P	L C P K M	M L R P K
-----------	-----------	-----------	-----------	-----------

Answer figures

L M K R E	K P L R E	K P R L E	K M L R E	K R P L E
-----------	-----------	-----------	-----------	-----------

(1) (2) (3) (4) (5)

- A (1)
- B (2)
- C (3)
- D (4)
- E (5)

Answer: C

Explanation:

The figures are in set of three.

Hence, the answer figure will follow the action of last figure of first set. (i.e third figure.)

In this case, first two figures have rightward shifting by one place and then substitution and the last figure in set is mirror image of second figure and then substitution.

Here, the mirror image of MLRPK will be KPRLM and there will be one substitution.

Hence, the answer will be KPRLE which is option C.

Instructions

What should come in place of the question mark (?) in the following question ?

Question 121

$$\frac{9}{10} + \frac{3}{11} + \frac{7}{15} = ?$$

- A $\frac{217}{1330}$
- B $\frac{221}{1330}$
- C $\frac{211}{1330}$
- D $\frac{197}{1330}$
- E None of these

Answer: C

Explanation:

$$(9/10)+(3/11)+(7/15) = (129/110) + 7/15 = (1/5)(129/22 + 7/3) = 1/5(541/66) = 541/330$$

Converting 541/330 into mixed fraction we get $1\frac{211}{330}$

Download SBI Clerk Syllabus PDF

Question 122

$$\sqrt[3]{42875} - ? = 21$$

- A 18
- B 13
- C 15
- D 11
- E None of these

Answer: E

Explanation:

Let unknown be x,

$$\sqrt[3]{42875} + 21 = x$$

$$x = 35 - 21 = 14$$

Question 123

$$\frac{57}{67} \times \frac{32}{171} \times \frac{45}{128} = ?$$

- A $\frac{15}{262}$
- B $\frac{15}{268}$
- C $\frac{15}{266}$
- D $\frac{17}{268}$
- E None of these

Answer: B

Explanation:

The expression, on reframing gives, $\frac{57}{171} \times \frac{32}{128} \times \frac{45}{67}$

which on simplifying gives,

$$(1/4) * (1/3) * (45/67) = (15/268)$$

Question 124

$$\frac{1}{4} \text{th of } \frac{1}{2} \text{ of } \frac{3}{4} \text{th of } 52000 = ?$$

- A 4875
- B 4857
- C 4785

- D 4877
- E None of these

Answer: A

Explanation:

In mathematical way, the question is interpreted as,

$$(1/4) * (1/2) * (3/4) * 52000 = (3/32) * 52000 = 3 * 1625 = 4875$$

GK Study Material for Banking Exams (Download PDF)

Question 125

$$(7921 \div 178) - 5.5 = \sqrt{?}$$

- A 1512
- B 1521
- C 1251
- D 1531
- E None of these

Answer: B

Explanation:

Let unknown be x,

$$(7921 \div 178) - 5.5 = \sqrt{x}$$

$$\text{Hence, } x = [(7921/178) - 5.5]^2 = 39^2 = 1521$$

Question 126

38% of 4500 - 25% of ? = 1640

- A 260
- B 270
- C 280
- D 290
- E None of these

Answer: C

Explanation:

Reframing the question by assuming the unknown to be x.

$$38\% \text{ of } 4500 - 1640 = 25\% \text{ of } x$$

$$(x/4) = 1710 - 1640$$

$$= 70$$

$$x = 280$$

Question 127

$$(5863 - \sqrt{2704}) \times 0.5 = ?$$

- A 2955.5
- B 2905.5
- C 2590.5
- D 2909.5
- E None of these

Answer: B

Explanation:

$$\sqrt{2704} = 52$$

$$\text{Now, } (5863 - 52) \times .5 = 2905.5.$$

Therefore, option B is the right answer.

SBI Clerk Free Mock Test (Latest Pattern)

Question 128

$$(?)^2 + 15^2 - 33^2 = 97$$

- A 33
- B 32
- C 34
- D 30
- E None of these

Answer: E

Explanation:

$$\text{Rearranging we get, } 97 + 33^2 - 15^2 = 97 + 1089 - 225 = 961$$

$$\text{Now } x^2 = 961$$

$$\text{Hence, } x = 31$$

Question 129

$$25639 - 5252 - 3232 = ?$$

- A 17255
- B 17551
- C 17515
- D 17155
- E None of these

Answer: D

Explanation:

The question is written as $25639 - (5252+3232) = 25639 - 8484 = 17155$

Question 130

$$283 \times 56 + 252 = 20 \times ?$$

- A 805
- B 803
- C 807
- D 809
- E None of these

Answer: A

Explanation:

Now, let unknown be x.

$$283 \times 56 = 15848$$

$$15848 + 252 = 16100$$

$$20x = 16100$$

$$x = 805$$

SBI Clerk Previous Papers (Download PDF)

Instructions

What should come in place of the question mark (?) in the following number series ?

Question 131

353 354 351 356 349 ?

- A 348
- B 358
- C 338
- D 385
- E 340

Answer: B

Explanation:

There are two arithmetic progression series,

With 353,351,349... having a difference of -2

and 354, 356... having a difference of 2

Hence, the required term is 358

Question 132

1 5 13 29 ? 125 253

- A 83
- B 69

- C 61
- D 65
- E 81

Answer: C

Explanation:

The generalized formula for nth term is, previous term + 2^n

Here the required term is 5th in the series.

Hence, $29 + 2^5 = 61$

Question 133

45 57 81 117 165 ?

- A 235
- B 215
- C 205
- D 245
- E 225

Answer: E

Explanation:

For the series the nth term is 'last term + $12*(n-1)$ '

In the series, we are required to find, 6th term.

Hence, 6th term is $165 + 12*(5) = 225$.

Free Banking Study Material (15,000 Solved Questions)

Question 134

17 18 26 53 117 ? 458

- A 342
- B 142
- C 257
- D 262
- E 242

Answer: E

Explanation:

Here, each successive nth term is 'previous term + $(n-1)^3$ '

We are supposed to find 6th term.

Hence, 6th term = $117 + (6-1)^3 = 117 + 125 = 242$

Question 135

1 1 3 1 1 3
4, 2, 4, 1, 14, 12, 14, ?

- A 2
- B 4
- C 6
- D $1\frac{1}{5}$
- E $1\frac{2}{3}$

Answer: A

Explanation:

The given series is Arithmetic Progression with common difference $\frac{1}{4}$.

Hence, the next term will be $1\frac{3}{4} + \frac{1}{4} = 2$

Instructions

For the following questions answer them individually

Question 136

Mr.Khanna took a loan of Rs 10,000 on simple interest at the rate of 3% pa. The total amount that he will be paying as interest in 2 years is 3% of his monthly salary. What is his monthly salary ?

- A Rs30,000
- B Rs16,000
- C Rs20,000
- D Rs12,000
- E None of these

Answer: C

Explanation:

Simple interest = Principal * no. of years * rate of interest = $10,000 * 2 * .03 = 600$

Let his salary be x

$.03x = 600$

$x = 20,000$

Download Highly Rated Banking APP

Question 137

28% members of a certain group are married. What is the respective ratio between the number of married members to the number of unmarried members ?

- A 7:17
- B 5:18
- C 7:18
- D Cannot be determined
- E None of these

Answer: C

Explanation:

Let total number of members be T.

The number of married number if percent is 28% = .28T

Hence, percent of unmarried members = (100-28)%=72%

And the number = .72T

The ratio of married to unmarried= $.28/.72 = \frac{7}{18}$

Question 138

The average of five numbers is 49 the average of the first and the second numbers is 48 and the average of the fourth and fifth number is 28. What is the third number ?

- A 92
- B 91
- C 95
- D Cannot be determined
- E None of these

Answer: E

Explanation:

Let the numbers be a,b,c,d,e.

Hence $(a+b+c+d+e)/5=49$

$(a+b)/2=48, a+b=96.$

$(d+e)/2=28, d+e=56$

$c=245-96-56=93$

Question 139

In how many different ways can the letters of the word 'SECOND' be arranged ?

- A 720
- B 120
- C 5040
- D 270
- E None of these

Answer: A

Explanation:

If a word has n different letters in it, then they can be arranged in n! different ways.

Here SECOND has 6 different letters and they can be arranged in 6! ways i.e 720 different ways.

Question 140

If the numerator of a certain fraction increased by 200% and the denominator is increased by 150% the new fraction thus formed is $\frac{9}{10}$. What is the original fraction ?

- A $\frac{3}{4}$

- B $\frac{1}{4}$
- C $\frac{3}{5}$
- D $\frac{2}{5}$
- E None of these

Answer: A

Explanation:

Let numerator be x and denominator be y.

If numerator is increased by 200% it becomes 3x and if denominator is increased by 150% it becomes 2.5y

Now the new fraction is $\frac{9}{10}$.

Hence, $(\frac{3x}{2.5y}) = (\frac{9}{10})$ which gives $\frac{x}{y} = \frac{3}{4}$

Instructions

City	Agra		Delhi		Mumbai		Chennai		Patna		Kolkata	
Bank Name	M	F	M	F	M	F	M	F	M	F	M	F
A	553	224	254	456	457	388	114	378	234	120	353	325
B	673	116	346	256	346	456	124	235	241	156	348	174
C	443	500	366	345	124	456	235	388	350	234	399	439
D	534	454	478	285	235	235	255	175	124	165	358	234
E	256	235	256	166	574	599	324	198	124	334	125	235
F	556	357	346	287	589	190	189	256	155	181	278	192

Study the following table carefully and answer the question that follows -

Number of employees from six different banks located in different cities M=Males,F=Females.

Table to be filled

Question 141

What is the ratio of the number of males to the number of females respectively in Patna from Bank A, Bank C and Bank E together ?

- A 175:173
- B 177:173
- C 177:172
- D 175:172
- E None of these

Answer: C

Explanation:

Total number of males in A,C,E in Patna = 234+350+124= 708

Total number of females in A,C,E in Patna = 120+234+334=688

Hence, the ratio =708/688= 177/172

Question 142

What is the ratio of male to the number of females respectively in Bank D from all the cities together ?

- A 496:387
- B 487:356
- C 422:385

D 486:397

E None of these

Answer: A

Explanation:

Total number of males in Bank D from all the cities = $534+478+235+255+124+358=1984$

Total number of females in Bank D from all the cities = $454+285+235+175+165+234=1548$

The required ratio = $1984/1548 = 496/387$

Free Banking Study Material (15000 Solved Questions)

Question 143

The number of females in all the banks together in Delhi are approximately what percent of the number of males from all the banks together in the same city ?

A 88

B 98

C 78

D 68

E 58

Answer: A

Explanation:

Total number of females from all banks in Delhi = $456+256+345+285+166+287=1795$

Total number of males from all the banks in Delhi = $254+346+366+478+256+346 =2046$

The percent of females to males = $(1795/2046)*100=88$

Question 144

The number of females in Bank B from Agra are what per cent of the females in bank C from the same city ?

A 33.2

B 23.2

C 13.2

D 28.2

E None of these

Answer: B

Explanation:

Number of females of bank B in Agra = 116

Number of females of bank C in Agra = 500

Hence percent of females of bank B to bank C = $(116/500)*100 = 23.2$

Question 145

What is the approximate average of the numbers of males working in all the banks together in kolkata ?

- A 350
- B 310
- C 340
- D 380
- E 360

Answer: B

Explanation:

The average no. of males working in Kolkata $= (353+348+399+358+125+278)/6 \sim 310$

SBI PO Solved Previous Papers (Download PDF)

Instructions

For the following questions answer them individually

Question 146

The area of a triangle is half the area of a square. The perimeter of the square is 224cms What is the area of the triangle ?

- A 1856 cm^2
- B 1658 cm^2
- C 1558 cm^2
- D 1586 cm^2
- E None of these

Answer: E

Explanation:

Let's assume that side of square is s.

Now, Perimeter $4s=224$, hence, $s=56$.

Area of triangle = $.5(\text{area of square}) = .5*(56^2) = 1568$ which is not any of the option.

Question 147

How much will be the compound interest to be paid on a principal amount of rs 85,000 after 3 years at the rate of 6 p.c.p.a ?

- A rs 16623.36
- B rs 16236.36
- C rs 16326.36
- D rs 16632.26
- E None of these

Answer: B

Explanation:

Total amount to be paid = Principal * $(1+r)^{\text{number of years}} = 85,000(1.06)^3 = 101236.36$

Interest paid = $101236.36-85000=16,236.36$

Question 148

Yesterday Priti typed an essay of 5000 words at speed of 60 words per minute. Today she typed the same essay faster and her speed was 15% more than yesterday. What is the approximate difference in the time she took to type yesterday and the time she took to type today?

- A 20 minutes
- B 30 minutes
- C 10 minutes
- D 40 minutes
- E 1 hour

Answer: C

Explanation:

The time taken by her to type 5000 words essay at a speed of 60 words/min = $5000/60=83.33$

Now when the speed is increased by 15%, the new speed = 69 words/min

Time taken by her to type 5000 words essay with this speed = $5000/69 = 72.46$

Time difference ~ 10 minutes

Get Free Study Material & Updates - Whatsapp "Updates" to 7661025557

Question 149

The average speed of a train is 3 times the average speed of a car . The car covers a distance of 520 kms in 8 hours .how much distance will the train cover in 13 hours ?

- A 2553 kms
- B 2585 kms
- C 2355 kms
- D 2535 kms
- E None of these

Answer: D

Explanation:

Let speed of train be x and speed of car be y.

Car covers 520km in 8 hrs, it's speed= $520/8= 65\text{km/hr}$

Speed of train = $3 * 65= 195\text{km/hr}$

Distance covered by train in 13 hrs = $13*195= 2535\text{km}$

Question 150

What is the value of (x) in the following equation ?

$$36 = \frac{x^{0.7}}{x^{1.3}}$$

- A 17
- B 19
- C 16
- D 14

E None of these

Answer: E

Explanation:

The question can be reframed as, $x^{.7} \cdot x^{1.3} = 9 \cdot 36$

$x^2 = 9 \cdot 36$

$x = 18$

Instructions

What approximate value should come in place of the question mark (?) in the following question ? (Note : You are not expected to calculate the exact value.)

Question 151

$105 \cdot 003 + 307 \cdot 993 + 215 \cdot 630 = ?$

A 610

B 650

C 660

D 670

E 630

Answer: E

Explanation:

The answer can be calculated quickly by rounding off, hence we can approximate $105.003 \sim 105$, $307.993 \sim 308$, $215.66 \sim 215.6$
Their sum = $105 + 308 + 215.6 = 628.6 \sim 330$, the nearest option.

SBI PO Free Mocks (Latest Pattern)

Question 152

$5223 \div 36 \times 0.93 = ?$

A 135

B 125

C 145

D 155

E 115

Answer: A

Explanation:

$5223/36 = 145$

$145 \cdot 0.93 = 134.93 \sim 135$

Question 153

$635 \times 455 \div 403 = ?$

A 735

- B 795
- C 695
- D 685
- E 715

Answer: E

Explanation:

Here we first multiply and then divide.

The question can also be reframed as $(635 \times 455) / 403 = 635 \times 1.12 \sim 715$

Question 154

$$\sqrt{2228} = ?$$

- A 57
- B 47
- C 67
- D 37
- E 27

Answer: B

Explanation:

Here, the answers are at substantially different from each other.

Square of 50 is 2500 and square of 45 is 2025

The no. we are supposed to find is 2228.

Hence as 47 falls between 45 and 50, it is the correct option.

Question 155

$$\sqrt[3]{5332} = ?$$

- A 8
- B 38
- C 58
- D 68
- E 18

Answer: E

Explanation:

$$\sqrt[3]{5332} = 17.47 \sim 18$$

Here, we are rounding off as we are not expected to calculate the exact value.

Also the given cube lies between cube of 17 and 18.

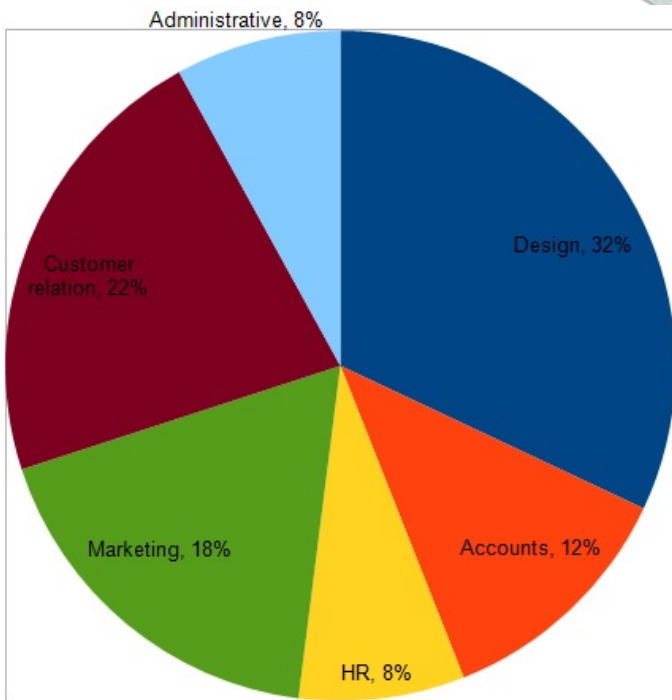

Hence, the correct option is option E

Instructions

Study the following graph carefully and answer the question that follows....

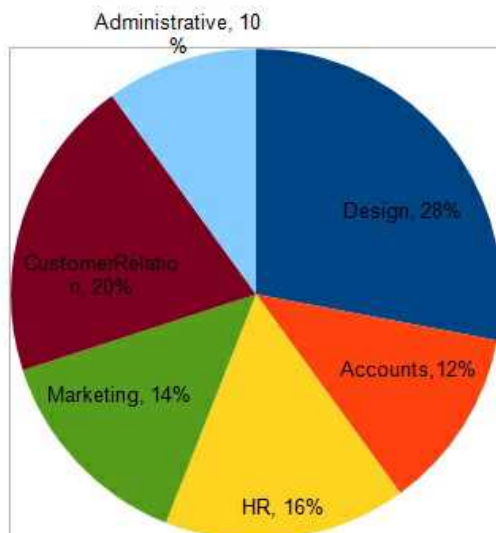

Percentage of employees in different department of a company

Total No. Of employees=4500

Percentage of females in each department in the same company

Total No of females in the organisation=2000

Question 156

What is the total number of males from Design, Customer Relation and HR departments together ?

- A 1550
- B 1510
- C 1540
- D 1580
- E None of these

Answer: B

Explanation:

No. of males in Design = Total employees in Design - No. of females in Design = 32% of 4500 - 28% of 2000 = 880

Similarly, males in customer relation=590

males in HR=40

Total no. of males = 1510

Question 157

What is the ratio of number of males in HR department of the number of males in Accounts department respectively ?

- A 3:17
- B 4:15
- C 2:15
- D 2:13
- E None of these

Answer: C

Explanation:

No. of employees in HR Department = 8%of4500= 360

No. of female employees in HR Dept = 16%of 2000= 320

No. of male employees = 360-320=40

No. of employees in Accounts Dept. = 12%of4500 = 540

No. of female employees in Accounts= 12%of 2000= 240

No. of male employees = 540-240= 300

Ratio of males in HR to Accounts =40/300=2/15

GK Study Material for Banking Exams (Download PDF)

Question 158

The number of females in the Marketing department are approximately what per cent of the total employees in marketing and Customer Relation Departments together ?

- A 26
- B 36
- C 6
- D 46
- E None of these

Answer: E

Explanation:

The number of females in Marketing Dept = 14% of 2000= 280

Total no. of employees in Marketing and Customer relation together = 40% of 4500= 1800

The number of females in the Marketing department per cent of the total employees in marketing and Customer Relation Departments together = $(280/1800)*100 = 15.55 \sim 16\%$

Question 159

What is the respective ratio of numbers employees in Administrative department to the numbers of males in the same department ?

- A 9:4
- B 8:3
- C 7:2
- D 8:5
- E None of these

Answer: A

Explanation:

Total no. of employees in Administrative department = 8% of 4500= 360

No. of female employees in same Dept.= 10% of 2000=200

No. of male employees = 160

The ratio = $360/160 = 9/4$

Question 160

The total number of females are what per cent of the total number males in the organisation ?

- A 90
- B 70
- C 80
- D 60
- E None of these

Answer: C

Explanation:

The total no. of males = $4500-2000=2500$

Ratio of number of females to number of males = $2000/2500 = .8$

Percent of females to males = $.8*100=80\%$
