III. The employers should make MBA as an essential qualification only for the positions where it is genuinely essential.

A Only I follows
B Only II follows
C Both I and II follow
D All I, II, and III follow
E None of these

Answer: C

Explanation:
It is necessary for the Government to follow stringent norms for granting permission to the management institutes. For the students too, it is necessary to examine the market value of the degree while taking admissions. But course III is not related to the statement. Hence, only courses of action I and II are appropriate.

Thus, both I and II follow
Question 3
Despite incoming BPO jobs in our country, a large number of educated youth are unemployed.
Courses of action:
I. Government should give unemployment allowance to all the unemployed youth.

A. Only I and II follow
B. Only II and III follow
C. Only I and III follow
D. Only II follows
E. None of these

Answer: B

If the Government gives allowances to all the unemployed youths, then there will be a great loss of money and they will not think for their future. Hence, I does not follow. II follows because during various schemes in different areas, it will reduce the unemployment. If the Government and society introduce vocational education, it will also reduce unemployment. Hence, course of action III follows.
Thus, only II and III follow.

Which of the following Courses of action may be pursued to solve the problem?(A course of action is a step or administrative decision to be taken for improvement, follow up or further action in regard to the problem, policy etc.)

A The Government of the Country 'X' should immediately take steps to ban the Gulf airlines so that senior pilots do not move to Gulf airlines.
B The Government of the Country 'X' should immediately cancel the licences of the defiant senior pilots
C The Government of the Country 'X' should immediately take steps to improve the service of the domestic airlines after meeting with the senior pilots
D The passengers should boycott the services of Gulf airlines as it is the duty of citizens to protect the interests of their country.
E None of these

Answer: C

Explanation:
The given statement indicates that because of the better facilities provided by the gulf airlines, the senior pilots have started to opt Gulf airlines instead of domestic airlines.
The first two statements should not be a valid course of action, as it is not the airlines and pilot's fault to provide and go for better facilities respectively. Similarly, in the fourth option, passengers also require better facilities.
The probable course of action should be that the Government of the Country 'X' should immediately take steps to improve the service of the domestic airlines after meeting with the senior pilots as mentioned in the third option.

Courses of action:
i. Public awareness programme on primary education should be expanded immediately to educate parents.
ii. Compensation should be given to those parents whose children are in the school.
iii. Law on universal education and ban on child labour should be made rigorous.

A Only (i) and (ii) follow
B Only (ii) and (iii) follow
C Only (i) and (iii) follow
D All follow

Answer: D

Explanation:
Increasing the public awareness will educate the parents of importance of education and thus the dropout rate will decrease. Thus, course of action I follows.
The reason for the dropout of the students is that they are supporting their parents in income earning activities. If a proper compensation is given then they won't have to work and thus, the dropout rate will decrease. Thus, course of action II follows.
If labour law is made more rigorous then the children won't have place to work and this will result in a decrease in the dropout rate. Thus, course of action III follows.
Hence, option D is the correct answer.
